

Power TIP 1

Want all our important web site in ENCOMPASS?

Then you looked at the right Power Tip;

You should see a Module called “Company Custom Link”

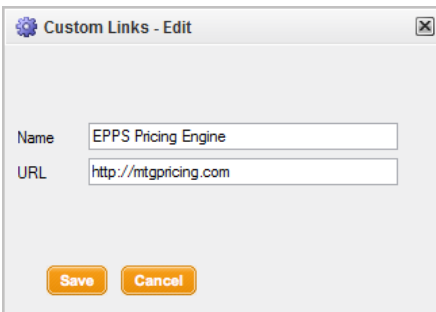

Click on “Add Link”

Enter each name and URL below and you will end up with a custom module below:

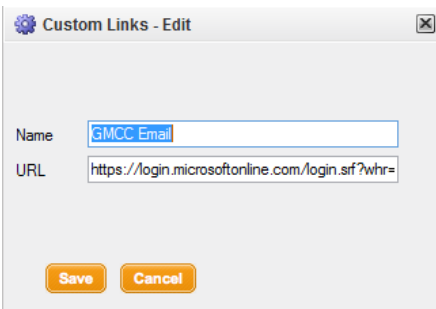

EPPS Pricing Engine

<http://mtgpricing.com>

A screenshot of a dialog box titled "Custom Links - Edit". It contains two text input fields: "Name" with the value "EPPS Pricing Engine" and "URL" with the value "http://mtgpricing.com". At the bottom, there are two buttons: "Save" and "Cancel".

GMCC Email

<https://login.microsoftonline.com/login.srf?whr=gmccloan.com>

A screenshot of a dialog box titled "Custom Links - Edit". It contains two text input fields: "Name" with the value "GMCC Email" and "URL" with the value "https://login.microsoftonline.com/login.srf?whr=". At the bottom, there are two buttons: "Save" and "Cancel".

GMCC Internal Site

<http://www.gmccloan.net>

Custom Links - Edit

Name

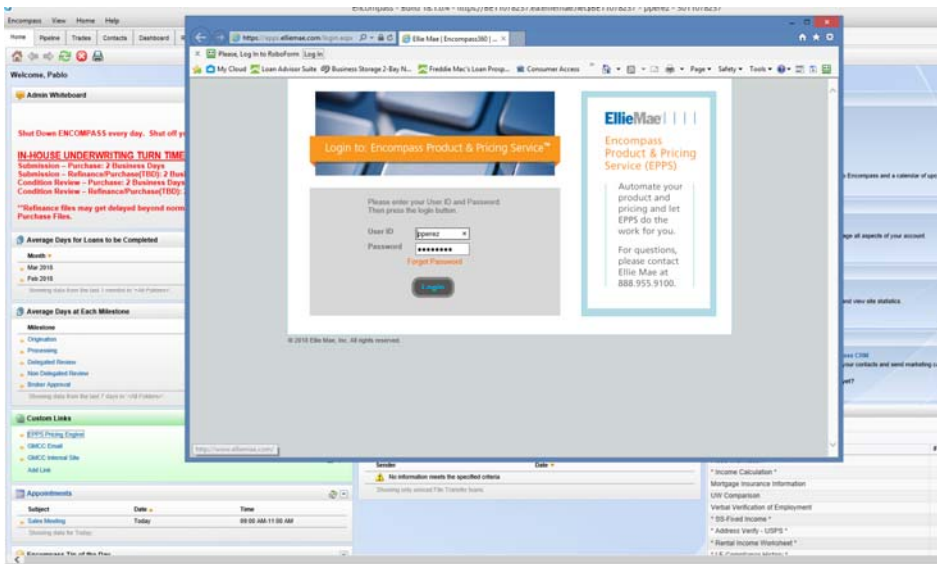

URL

Now click on the link

Custom Links

- » EPPS Pricing Engine 
- » GMCC Email
- » GMCC Internal Site
- Add Link

And BAM there you go!

The screenshot shows the Encompass software interface with a central login window for the EPPS Pricing Engine. The login window has a title bar that reads "Login to: Encompass Product & Pricing Service". It contains a form with fields for "User ID" (containing "epprz") and "Password" (containing "*****"), a "Forgot Password" link, and a "Login" button. To the right of the login form is a box for "ElleMae | | | Encompass Product & Pricing Service (EPPS)" with the text "Automate your product and pricing and let EPPS do the work for you. For questions, please contact Elle Mae at 888.955.9100." The background shows the Encompass dashboard with various navigation tabs and data sections.
